RE: Boone County Animal Services & Adoption Center

Addendum #1

Please acknowledge this addendum on the spaces provided on the bid form

The intent of this addendum is to furnish missing information in bid documents and address issues raised at the 11/9/15 Pre-Bid Meeting.

- 1- Soils boring tests have not been performed but are anticipated. Any new soils information will be forwarded to bidders as soon as possible.
- 2- Siding Specification Section 07410 Manufactured Exterior Metal Panels was missing from the bid release package. Section attached.
- 3- Roofing Specification Section 07530 Single-Ply Membrane Roofing was missing from the bid release package. Section attached.
- 4- All submittal fees, plan review fees, and permit fees will be paid by Boone County.
- 5- The intent of the grading design is to rearrange the existing soils on the subject properties. No soils are to be removed or imported.
- 6- Installation of concrete slabs and walls is to be performed under temperature conditions noted in concrete specifications. No additional payments are to be authorized for concrete additives or procedures required for cold weather conditions.
- 7- Boone County will provide a tax ID number to the general contractor to be used to purchase tax exempt building materials.
- 8- Gas and electrical service connections to the new building are the responsibility of the general contractor. Connection fees are to be paid by Boone County. It appears natural service exists along Squaw Prairie Road. (Water well and septic system are the responsibility of Boone County.)
