NOTICE TO BIDDERS

BOONE COUNTY

BOONE COUNTY PSB PARKING LOTS

Boone County hereby gives notice that sealed bids will be received for the Boone County PSB Parking Lot project. The property subject to this bid is under joint ownership to Boone County and the City of Belvidere. Improvements will include the rehabilitation of two parking lots at the Public Safety Building. Including pavement removal, hma pavement placement, curb & gutter and storm sewer. The first is at the corner of Main & Menomonie St. with the second off of Webster St.

For purpose of this bidding document, reference to "Boone County" also includes the Belvidere City Council.

TIME AND PLACE OF BID OPENING

1. Sealed bids will be received until 10:00 a.m., local time, on Wednesday April 29, 2015 at the Boone County Clerk's office at 1212 Logan Ave., Belvidere, IL, 61008. At that time the bids will be publicly opened and read aloud. The bid results will be presented at the May County meeting for final approval.

2. BIDDING DOCUMENTS

Copies of the Bidding Documents may be obtained as of April 10, 2015 at the office of C.E.S., Inc., 700 W. Locust Street, Belvidere, IL, 61008 between the hours of 8:00 a.m. and 4:30 p.m., local time.

3. LEGAL PROVISIONS

Contractors and their subcontractors shall conform to the "Public Works Preference Act," (30 ILCS 570/1 et seq.), the Civil Rights Act of 1964 (42 USC 2000E et seq.), Executive Order 11246, the "Illinois Human Rights Act," (775 ILCS 5/1-101 et seq.), "Public Works Employment Discrimination Act" (775 ILCS 10/.001 et seq.), "Illinois Blacklist Trade Law" (775 ILCS 15/1 et seq.), the "Prevailing Wage Act," (820 ILCS 130/.01 et seq.), and Belvidere, Illinois, Code of Ordinances Chapter 2, Article VIII and Ordinance #42H.

4. WAGE RATES

Contractors shall be required to pay not less than the prevailing wage rates on the Project as established by the State of Illinois Department of Labor & approved by Boone County (Ord. No. 14-29).

5. BID SECURITY

Bid Security in the form of certified check or Bidders' Bond, payable to Boone County, in the amount of not less than 10% of the Bid shall accompany each Bid.

6. CONTRACT SECURITY

The Bidder to whom a contract is awarded shall furnish a Performance and Payment Bond each in an amount equal to the Contract Price.

7. BID REJECTION / ACCEPTANCE

The Boone County Board & the Belvidere City Council reserve the right to reject any or all Bids, waive the bidding requirements and/or informalities in bidding, or to accept the Bid or Bids, which best serve the interest of the owner.

8. BID WITHDRAWAL

No Bid shall be withdrawn for a period of 60 days after the bid opening date without permission of Boone County.

INSTRUCTIONS TO BIDDERS

ARTICLE 1 – DEFINED TERMS

- 1.1 Terms used in these Instructions to Bidders are defined in the “Standard Specifications for Road and Bridge Construction,” (IDOT SPECS or “Standard Specifications”), current edition, as published by the Illinois Department of Transportation and the following instructions.
- 1.2 The following Instructions shall supersede Section 100 of the Standard Specifications where statements conflict.

ARTICLE 2 – QUALIFICATIONS OF BIDDERS

- 2.1 Each bid must contain evidence of the bidder’s registration with the Secretary of State’s office to do business in the State of Illinois, and the bidders “Certificate of Eligibility” from the Illinois Department of Transportation, which must include pre-qualification of the Bidder’s operations for Drainage, Misc. Concrete Construction, Earthwork and Hot Mix Asphalt Plant Mix in an amount equal to 200% of the bidder’s total price for this contract. Each bidder must show evidence of insurance coverage per Boone County Minimum Insurance Coverage (see appendix 3).
 - a. Each bid shall include bidder’s current “Affidavit of Availability” on the Standard IDOT forms included in these documents.
- 2.2 The low bidder may be asked to submit additional information prior to award of a contract. This information may include but is not limited to: names of subcontractors, subcontracted values.
- 2.3 All proposals submitted on the Work shall be based on the prospective bidder performing at least 51% of the work with its own forces. Subcontracted values shall not exceed 49% of the total bid price.

ARTICLE 3 – EXAMINATION OF CONTRACT DOCUMENTS AND SITE

- 3.1 It is the responsibility of each Bidder before submitting a Bid:
 - 3.1.1 To examine thoroughly the Contract Documents and other related information.
 - 3.1.2 To visit the site to become familiar with and satisfy the Bidder as to the general, local, and site conditions that may affect cost, progress, or performance of the Work.
 - 3.1.3 To consider federal, state, and local Laws and Regulations that may affect cost, progress, or performance of the Work.

- 3.1.4 To promptly notify the ENGINEER of all conflicts, errors, or discrepancies which Bidder has discovered in or between the Contract Documents and other related documents or site conditions.
- 3.2 Information and data shown or indicated in the Contract Documents with respect to existing underground facilities at the site is based on information furnished to the OWNER and ENGINEER by the owners of the underground facilities. OWNER and ENGINEER do not assume responsibility for the accuracy or completeness thereof.
- 3.3 Before submitting a Bid, each Bidder shall make such supplementary examinations, investigations, explorations, tests, and studies of surface and sub-surface conditions at the site that the Bidder deems necessary to determine its Bid for performing and furnishing the Work in accordance with the Contract Documents.
- 3.4 The submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid is premised upon performing and furnishing the Work required by the Contract Documents, the Bidder has given ENGINEER written notice of all conflicts, errors, and discrepancies that Bidder has discovered in the Contract Documents and written resolutions thereof by ENGINEER is acceptable to Bidder, and that the Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the Work.

ARTICLE 4 – INTERPRETATIONS AND ADDENDA

- 4.1 All questions about the meaning or intent of the Bidding Documents are to be directed to ENGINEER in writing not less than five days prior to the date for opening of Bids. No response will be provided to a Bidder's oral questions if the question involves an interpretation of the intent or meaning of the Contract Documents, or equality or use of products or methods other than those designated or described on the Drawings or in the Specifications.
- 4.2 Replies will be issued by Addenda mailed or delivered to all parties recorded by ENGINEER as having received the Bidding Documents.
- 4.3 Each Bidder shall ascertain prior to submitting a Bid that Bidder has received all Addenda issued, and each Bidder shall acknowledge receipt on the Bid Form.

ARTICLE 5 – BID SECURITY

- 5.1 Each Bid must be accompanied by Bid security made payable to the OWNER in the amount stated in the Notice to Bidders and in the form of a certified check or a Bid Bond issued by a surety in accordance with IDOT SPECS Article 102.01 and Illinois Administrative Code Title 44, Parts 650 and 660.
- 5.2 The Bid security of the successful Bidder will be retained until such Bidder has executed the Agreement, furnished the required contract security, and met the other

conditions of the Notice of Award, whereupon the Bid security will be returned. If the successful Bidder fails to execute and deliver the Agreement and furnish the required contract security within 15 days after the Notice of Award, OWNER may annul the Notice of Award and the Bid security of that Bidder will be forfeited. The Bid security of other Bidders whom OWNER believes to have a reasonable chance of receiving the award may be retained by OWNER until the seventh day after the Effective Date of the Agreement, whereupon the Bid security furnished by such Bidders will be returned. Bid security of the other Bidders who furnished certified checks will have checks returned within 7 days after the Bid opening.

ARTICLE 6 – CONTRACT TIME

- 6.1 The number of days within which, or the dates by which, the Work is to be completed and ready for final payment are set forth in the Proposal/Bid Form.
- 6.2 The contract time shall be based on calendar days.

ARTICLE 7 – LIQUIDATED DAMAGES

- 7.1 Provisions for liquidated damages, if any, are set forth in the General Conditions.

ARTICLE 8 – PROPOSAL / BID FORM

- 8.1 Complete sets of Bidding Documents shall be used in preparing Bids; neither OWNER nor ENGINEER assume any responsibility for errors, omissions, or misinterpretations resulting from the use of incomplete sets of Bidding Documents.
- 8.2 Only the Bid Form included with the Bidding Documents shall be used; additional copies may be obtained from ENGINEER.
- 8.3 The Bid price shall be the total of unit prices extended by the estimated number of units set forth in the Bid Form.
- 8.4 Bidder is required to fill in unit or supplemental prices for each item as called for on the Bid Form.
- 8.5 All blanks on the Bid Form shall be completed in ink or by typewriter.
- 8.6 Bids submitted by individuals or partnerships shall be signed by an owner of the firm whose title must appear under the signature. Bids by corporations must be executed in the corporate name by the president or a vice-president (or other corporate officer accompanied by evidence of authority to sign). The corporate address and state of the incorporation shall be shown below the signature.
- 8.7 It is the responsibility of the Bidder to submit a neat, accurate, and complete Bid.

- 8.8 The Bid shall contain an acknowledgment of receipt of Addenda including numbers and dates as required on the Bid Form.

ARTICLE 9 – SUBMISSION OF BIDS

- 9.1 Bids shall be submitted at the time and place indicated in the Notice to Bidders and shall be enclosed in an opaque sealed envelope, marked with the Project title.
- 9.2 Bids received after the official Bid closure time will be returned to the Bidder unopened.

ARTICLE 10 – MODIFICATION AND WITHDRAWAL OF BID

- 10.1 Bids may be modified or withdrawn by an appropriate document duly executed and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids.
- 10.2 Withdrawn Bids may be resubmitted up to the time designated for the receipt of Bids provided that it is then fully in conformance with these Instructions to Bidders.

ARTICLE 11 – AWARD OF CONTRACT

- 11.1 OWNER reserves the right to reject any and all Bids, including without limitation the right to reject any or all nonconforming, non-responsive, unbalanced or conditional Bids and to reject the Bid of any Bidder if OWNER, in its sole discretion, believes that it would not be in the best interest of the Project to make an award to that Bidder. Owner further reserves the right to reject all bids and waive the bidding requirement.
- 11.1.1 Owner reserves the right to waive all informalities not involving price, time, or changes in the Work. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit price, and discrepancies between the indicated sum of any column and the correct sum will be resolved in favor of the correct sum. Discrepancies between words and figures will be resolved in favor of the words.
- 11.2 In evaluating bids, OWNER will consider the qualifications of Bidders, whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, supplemental prices, and other data as may be required in the Bid Form or prior to the Notice of Award.
- 11.3 OWNER may conduct such investigations as OWNER deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications, and financial ability of the Bidders, proposed Subcontractors, Suppliers and other persons and organizations to perform and finish the Work in accordance with the Contract Documents to OWNER'S satisfaction within the prescribed time.

- 11.4 OWNER reserves the right to award bid alternates in the best interest of the OWNER. Therefore, any bid alternate may be rejected without effecting the bid requirements or price of any other alternate or the base bid.

ARTICLE 12 – CONTRACT SECURITY

- 12.1 IDOT SPECS 102.01; Illinois Administrative Code, Title 44, Part 650 (for Prequalification, Affidavit of Availability, etc.); and Illinois Combined Statute Title 30, Part 550 (30 ILCS 550/ “Public Construction Bond Act”) sets forth OWNERS requirements as to performance, and Payment Bonds. When the Successful Bidder delivers the executed Agreement to OWNER, it shall be accompanied by the required performance and payment bonds.

ARTICLE 13 – SALES TAX

- 13.1 OWNER is exempt from Illinois State and municipal or county Retailers Occupation Tax, Service Occupations Tax, Service Use Tax, as described in Illinois Revised Statutes. Bid prices shall not include the cost of such taxes.
- 13.2 Federal excise tax does not apply to materials or services purchased by OWNER. Should the federal excise tax be applicable to this transaction, OWNER will, upon request, furnish a federal exemption certificate. All other direct taxes which apply shall be included in the bid prices submitted for this Work.
- 13.3 The CONTRACTOR shall be responsible for providing the above information to all suppliers and subcontractors.

GENERAL CONDITIONS

The “Standard Specifications for Road and Bridge Construction” prepared by the Illinois Department of Transportation and adopted by IDOT on January 1, 2012, in conjunction with the “Standard Specifications for Traffic Control Items” prepared by the Illinois Department of Transportation and adopted by IDOT on January 1, 2012, shall govern the bidding and construction of the proposed improvements. Where the term “Department” appears in the Specifications, the “Boone County” shall be substituted therefore, and where any term for an employee of the Department is used, the designated Boone County employee shall be substituted therefore. Style, type, and grade of all materials used for construction shall be approved by Boone County prior to bidding, ordering, or placing any materials.

Herein after the terms “Owner”, “County”, “Department of Public Works,” or “Engineer” shall mean Boone County or its designated representative, and the term “Contractor” shall mean the entity who proposes to perform the work herein described or its designated subcontractors.

The following Special Provisions supplement the said specifications and, in case of conflict with any part or parts of said specifications, these Special Provisions shall take precedence and shall govern:

SECTION 1 - GENERAL

1.1. DESCRIPTION OF WORK

The rehabilitation of two parking lots at the Public Safety Building. Including pavement removal, HMA pavement placement, curb & gutter and storm sewer. The first is at the corner of Main & Menomonic St. with the second off of Webster St. Coordinate with the owner to insure that one lot is available for parking at all times.

1.2. CONSTRUCTION STAKING

The Engineer shall be responsible for setting and staking all grades as indicated on the improvement plans.

1.3. CONTRACT SUBLETTING – COOPERATION AMONG CONTRACTORS

The following is in addition to Section 108.01 of the IDOT Standard Specifications and shall read as follows: “Total contract costs” shall equal the sum of the pay items listed in the contract. Prior to the approval of any subcontracts by the Engineer, the contractor shall designate those Pay Items that are to be subcontracted. Subcontracted pay items shall include all labor, materials, and equipment to complete the pay item, as required by the contract, including purchase and delivery of materials to the job site. The determination of Contractor’s own organization work shall be those pay items that are

constructed at the job site with the Contractor's labor and equipment. Labor shall include all personnel working for the Contractor. The cost of that portion of "total contract cost" which is subcontracted shall be determined by multiplying the unit cost as designated in the Pay Item, times the actual units provided, as physically constructed at the job site, and finally determined by field inspections and measurements. No division of individual Pay Items between the Contractor and subcontractor(s) shall be permitted.

It shall be the obligation of the contractor to ensure full cooperation among subcontractor(s) doing work on the project.

1.4. CONSTRUCTION INSPECTION

Any work performed without the presence of a County designated representative to inspect said construction will not be accepted for payment as directed by the Engineer. The Contractor shall notify the Engineer a minimum of 48 hours in advance of the start of construction or the continuation of construction following a pause in work. Any deviation from plans and grades without written authorization from the Engineer will not be accepted for payment until Contractor has corrected the construction to the satisfaction of the Engineer.

1.5. EXISTING UTILITIES AND DRAINAGE STRUCTURE LOCATIONS

The plans show existing utilities and drainage structures lying within the limits of the work under this contract such as gas and water mains, sewers, inlets, buffalo boxes, and power lines and poles. The County does not guarantee the completeness or accuracy of the information shown on the plans regarding these utilities. The Contractor shall make his own investigation to verify or determine the existence, nature, and location of all utilities on the site that may interfere with construction before starting his operations. Contractor shall comply with the "Illinois Underground Utility Damage Prevention Act," (220 ILCS 50/1 et seq.). The Contractor shall report to the Engineer any omissions or differences in location from that shown on the plans. Care should be taken while working near these utilities to prevent their damage.

1.6. FAILURE TO COMPLETE WORK ON TIME

Liquidated Damages will be assessed for Each Day of Overrun in Contract time according to Section 108.09 of the IDOT Standard Specifications, which are incorporated by reference.

1.7. UTILITY COORDINATION

It shall be the responsibility of the Contractor to cooperate and coordinate with the utilities in accordance with Article 107.31 of the Standard Specifications. At least 48-hours before any excavation is planned, telephone JULIE at 811 to have facilities located and marked. Contractor shall comply with the "Illinois Underground Utility Damage Prevention Act," (220 ILCS 50/1 et seq.).

SECTION 2 - SPECIAL PROVISIONS

2.1. SAW CUTTING

This work shall consist of sawing existing pavements, curbs or sidewalks to such depth that when removal is performed, a clean neat edge will result with no spalling or damage to the remaining pavement, curb or sidewalk. Saw cutting shall be performed at all locations where pavement, curb or sidewalk is to be removed and replaced. Any damage done to adjacent sections not marked for removal will be repaired or replaced at the contractor's expense and no compensation will be awarded. When open joints already exist at edges of sidewalk to be removed, sawcutting will not be required or paid for, but these locations shall be confirmed and coordinated with the Engineer. This item shall be incidental to the removal of each item.

2.2. SPECIAL EXCAVATION

This work shall conform to Section 202 of the Standard Specifications and shall include excavation and removal of earthen materials and aggregate base.

This item shall be incidental to the contract.

2.3. REMOVALS, VARIOUS ITEMS

This work consists of the removal of various and miscellaneous existing items or facilities at the project site. The work shall conform to Sections 201 (Clearing, Tree Removal and Protection, Care and Repair of Existing Plant Material), 440 (Removal of Existing Pavement and Appurtenances), appropriate parts of 542 (Pipe Culverts), 551 (Storm Sewer Removal and Installation), and these specifications. The locations of all buried pipe and structures are based on the best available data but actual locations, depths, lengths, and sizes may vary.

Any removal or plant trimming not specifically called out as a pay item is incidental to this contract and no additional compensation will be awarded.

Existing Wood Structure To Be Removed shall include removal and disposal of all wood walls, roof materials, hardware, mounting brackets, etc. The structure shall be removed in its entirety to provide a clean surface at the existing main building walls.

Removal work includes excavation or cutting, and disposal of the stated item in a safe manner. Disposal of all materials and debris shall be in accordance with City of Belvidere, state, and federal rules and statutes. Removal of certain items may require coordination of utilities, bypass facilities, temporary driving surfaces, or temporary piping. Contractor shall be responsible for all work required to remove existing facilities and maintain functionality of public services.

The contractor shall be responsible for completing a "Construction Debris Manifest" for all surplus excavated materials to be disposed of. A copy of this form is included in the Appendix to the Contract Documents.

This work shall be paid for at the contract unit price of linear feet for **EX. CURB & GUTTER TO BE REMOVED**, square feet for **EX. SIDEWALK TO BE REMOVED**, square yard for **EX. HMA SURFACE TO BE REMOVED**, per each for **EX. METAL SHED TO BE REMOVED**, and per each for **EX. WOOD STRUCTURE TO BE REMOVED**.

2.4. TREE PROTECTION

All trees within the limits of the improvement that are not scheduled for removal shall be protected by wooden tree guards. Tree guards shall be a minimum of six feet high and of a minimum 2" nominal thickness. All tree guards shall be securely strapped to the trees. This item shall be considered incidental to construction and no further compensation will be allowed.

Any tree damaged in the course of the work shall be properly pruned or trimmed and painted with an approved commercial tree dressing. The contractor shall be responsible for repairing and / or replacing all trees, shrubs, or other similar vegetation damaged or destroyed in the course of the work.

2.5. TRAFFIC CONTROL AND PROTECTION

This work shall consist of furnishing, installing, and maintaining all signs, signals, markings, barricades, warning lights, and other devices which are to be used to regulate, warn, or guide traffic during construction of this improvement. All work shall be in conformance with Section 701 and 702, and the current edition of the Illinois Department of Transportation's "Manual on Uniform Traffic Control Devices for Streets and Highways."

The Contractor shall be required to furnish all traffic control devices necessary for the convenience and protection of vehicular and pedestrian traffic. Whenever the operation of the Contractor endangers or interferes with vehicular traffic or pedestrians, as determined by the Engineer, the contractor shall furnish any additional traffic control devices necessary to direct and protect his workers at no extra cost to satisfy the requirements of the Engineer. The Contractor will be required to furnish the necessary flagmen as specified in the Plans or required by the Engineer on a continuous basis whenever construction operations are in progress.

The Contractor will be responsible for the proper location, installation, and arrangement of all traffic control devices furnished by him. Whenever operations indicate that relocation of a proposed or existing traffic control device is advisable, as determined by the Engineer, the Contractor shall remove, relocate, and reinstall the device in question.

The Contractor will be required to remove all traffic control devices which are furnished, installed, or maintained by him under this contract and such devices shall remain the property of the Contractor upon said removal.

This item shall be paid for at the contract unit price per lump sum of **TRAFFIC CONTROL AND PROTECTION**. Progress payments will be made based on the ratio of the number of contract days used to the number of contract days in total.

2.6. TEMPORARY EROSION AND SEDIMENT CONTROL

This item includes furnishing all labor and materials required to install and maintain erosion and sediment control items for the duration of the project. Erosion control items shall include but not be limited to silt fence, inlet protection, 4" Topsoil, class 1A seeding, mulch method 2 and erosion control blanket. The Contractor shall be required to furnish and install erosion and sediment control items per the plan. This item shall be constructed in accordance with Sections 250, 251 & 280 of the Standard Specifications.

Contractor shall be responsible for creating, maintaining and removal of concrete washout areas on the property at a location approved by the County. Contractor shall provide and maintain perimeter erosion control of any staging, storage or stockpile areas. Contractor shall restore the staging/storage area to pre-existing conditions upon vacating the site.

This work shall be paid for at the contract price lump sum for **TEMPORARY EROSION AND SEDIMENT CONTROL**.

2.7. TRENCH BACKFILL

This item shall be constructed in accordance with Section 208 of the Standard Specifications and drawings. It shall consist of backfilling trenches made for all sewer ditches and structure excavations within the limits of the proposed roadway improvement and within 2 feet of paved areas.

Material excavated from the trenches which is clean aggregate backfill material (subject to the express approval by the Engineer) may be used for backfilling of trenches. Such excavated material used for backfill will not be paid for under this item but should be included in the various excavations and utility bid items.

This item shall be for the cost of procuring and hauling the material to and from the site, as well as placing and compacting the material in accordance with the specifications. This item shall be incidental to the Storm Sewer and Storm Inlet 700 and no further compensation will be awarded. When a new structure is constructed in the same location as a removed structure, payment for the location will only be made once.

2.8. STORM SEWER, R.C.P., CLASS IV, 12"

Storm sewers under this item shall be R.C.P. sewer pipe, designated as ASTM C-76 (Class IV or as shown on drawings). Provide ASTM C443 flexible gasket joints where shown on the Drawings. All other R.C.P. joints may be mastic compound. Flexible (O-ring) gasket joints, where required, shall be incidental to the price of this item and no extra compensation will be awarded.

These items include sewer pipe, granular pipe bedding, granular backfill, making connections to existing structures, reconnection and/or extensions to existing piping adjacent to new structures, patching existing structures at new connections, stoppers and plugs, joint materials, and any other incidental costs not specifically included for payment under other items.

All work shall conform to applicable portions of Section 550 of the IDOT Standard Specifications, and in accordance with the requirements of the Engineer.

All pipe and joints shall be tested by an approved testing laboratory in accordance with the most recent cited standard methods of AASHTO or ASTM at the Contractor's expense. Two copies of each test certificate shall be promptly furnished to the Engineer.

Where unsuitable soil is encountered, foundation material under pipe bedding of 6" well graded, compacted aggregate will be required and is incidental to the Storm Sewer installation.

These items shall be paid for at the contract unit price per lineal foot for **STORM SEWER** of the material, class, and diameter specified.

2.9. 6" ADS N-12 HDPE STORM SEWER

Storm sewers under this item shall be ADS N-12 HDPE storm sewer pipe.

These items include sewer pipe, granular pipe bedding, granular backfill, making connections to existing structures, reconnection and/or extensions to existing piping adjacent to new structures, patching existing structures at new connections, stoppers and plugs, joint materials, and any other incidental costs not specifically included for payment under other items.

All work shall conform applicable portions of Section 550 of the IDOT Standard Specifications, and in accordance with the requirements of the Engineer. Bedding shall extend from 4" below the pipe to 6" above the pipe.

Where unsuitable soil is encountered, foundation material under pipe bedding of 6" well graded, compacted aggregate will be required and is incidental to the Storm Sewer installation.

This item shall be paid for at the contract unit price per lineal foot for **6" ADS N-12 HDPE**.

2.10. STORM INLET TYPE 700

This item shall be constructed in accordance with Section 602 of the Standard Specifications and the details shown on the plans. This item will be paid for at the contract unit price each for **STORM INLET TYPE 700**, including frame and

grate and all equipment, excavation, materials, and labor.

2.11. STORM INLET TYPE 700 MODIFIED

This item shall be constructed in accordance with Section 602 of the Standard Specifications and the details shown on the plans. This item will be paid for at the contract unit price each for **STORM INLET TYPE 700 MODIFIED**, including frame and grate and all equipment, excavation, materials, and labor.

2.12. REMOVING INLET

This item shall be removed in accordance with Section 605 of the Standard Specifications. This item will be paid for at the contract unit price each for **REMOVING INLET**, including all equipment, excavation, materials, and labor.

2.13. AGGREGATE BASE COURSE, TYPE B, 10”

This work shall conform to Section 351 of the Standard Specifications and as shown on the plans or as directed by the Engineer.

Payment shall be at the contract unit price per square yard for **AGGREGATE BASE COURSE, TYPE B, 10”**.

2.14. BITUMINOUS MATERIALS (PRIME COAT)

This work shall be performed in accordance with Section 406.05 (b) of the Standard Specifications and shall be applied at the rate of 0.10 gal/sy over existing pavements and 0.40 gal/sy over aggregate base. This work will be paid for at the contract unit price per gallon for **BITUMINOUS MATERIALS (PRIME COAT)**. Material certifications and truck tickets will be required prior to payment for this item.

2.15. HOT MIX ASPHALT BINDER COURSE (MACHINE METHOD), N50, 1.5” AND HOT MIX ASPHALT SURFACE COURSE, MIX C, N50, 1.5”

These items shall be constructed in accordance with Section 406 of the Standard Specifications.

Vibrating rollers will not be allowed unless directed and/or approved by the Engineer. In the absence of a vibratory roller, densities shall be 93% minimum.

In Section 406.06(g), the paragraph starting with “joints between old and new pavement...” shall be deleted and replaced with “For joints between old and new pavements or between successive days’ work or when the temperatures of the previously laid materials drops below 150 degrees, the contact surface shall be sprayed or painted with a thin, uniform coating of asphalt SS-1 to insure thorough and continuous bond”.

RECYCLED MATERIAL WILL NOT BE ALLOWED.

The Contractor shall prior to placing the HMA binder course, prepare the existing aggregate base to proper base level by adding new aggregate or removing existing aggregate up to 2 inches in depth. Once grade level is achieved the entire surface shall be compacted to the satisfaction of the Engineer. Any excess materials that need to be disposed of, shall be disposed of properly off-site. Existing aggregate base preparation shall be incidental to Hot Mix Asphalt Binder Course (Machine Method), N50, 1.5”.

This work shall be paid for at the contract unit price per square yard for **HOT MIX ASPHALT SURFACE COURSE, MIX C, N50, 1.5"**, or **HOT MIX ASPHALT BINDER COURSE (MACHINE METHOD), N50, 1.5"**.

2.16. COMBINATION CONCRETE CURB AND GUTTER, TYPE B6.18 AND B6.12

This work shall conform to Section 606 of the Standard Specifications and shall be constructed in accordance with the details as shown herein. One inch (1") preformed expansion joint material, with caulking or equal, shall be installed at 100 foot intervals, at all radii, and 5 feet either side of inlets when not at radii. Sawed contraction joints shall be provided at 10-foot intervals throughout this work. The Contractor shall be careful to construct the curb and gutter with a 6.0% flag slope per details – outside of Handicap Ramp areas. The County will require any curb and gutter constructed without positive drainage from the edge of pavement to the gutter flow line to be removed and reconstructed.

4" compacted aggregate base under the curb is incidental to the price bid for Curb and Gutter and no extra compensation will be awarded.

This item will be paid for at the contract unit price per lineal foot for **COMBINATION CONCRETE CURB AND GUTTER, TYPE B6.18 or B6.12**, which price shall include depressed curb, flat curb, expansion joints, and sawed contraction joints at 10-foot intervals.

2.17. CONCRETE SIDEWALK

This work shall conform to Section 424 of the Standard Specifications.

All excavation and grading required to install the sidewalk to achieve the grades shown on the plans is incidental to the unit price bid.

Surface shall be scored in four (4) foot squares (varies in some locations) with a directional broom finish. Trowel joints, which are at right angles to the edge of the walk, should be placed at four foot intervals. These joints shall be at least 1-1/2 inches deep and not less than 1/8 inches wide, but no more than 1/4 inches wide.

Expansion joints (3/4 inch) shall be placed in the sidewalks at intervals of 40 feet. They shall also be placed between the new sidewalks and the existing pavements. Asphalt joints or fiber joints with rubber joint sealer may be used. Expansion joints (1/2 inch) shall be placed between all existing structures and

the new sidewalks.

Sidewalks shall be 4 inches thick and thickened to 6 inches through driveways; the extra thickness is incidental to this item and no extra compensation will be awarded.

A 2" minimum compacted aggregate base shall be placed beneath all sidewalk construction as a stable and level working platform and is incidental to the price bid.

Curing and protection shall be in accordance with Article 1022 of the IDOT Standard Specifications.

This work shall conform to these specification and Section 424 of the Standard Specifications.

This item will be paid for at the contract unit price per square foot for **CONCRETE SIDEWALK.**

2.18. 4" YELLOW PAVEMENT MARKING, PAINT

This item shall be constructed in accordance with Section 1095 of the standard Specifications. All pavement marking shall be paint. See plans for required marking and striping.

Payment for this item shall be at the contract unit price per linear foot for **4" YELLOW PAVEMENT MARKING, PAINT.**

2.19. R6-2 "ONE WAY" & R5-1 "DO NOT ENTER" SIGNS

This work shall consist of furnishing and installing poles with signs, brackets and all hardware as required, including all labor, equipment and materials.

Payment for this item shall be at the contract unit price per each for **R6-2 "ONE WAY" & R5-1 "DO NOT ENTER" SIGNS.**

2.20. HANDICAP SIGN

This work shall consist of furnishing and installing sign, all hardware as required to wall mount the sign, including all labor, equipment and materials. See the detail on the plan for the required sign. This item shall include removal and disposal of the existing wall mounted sign.

Payment for this item shall be at the contract unit price per each for **HANDICAP SIGN.**

BOONE COUNTY PREVAILING WAGE FOR APRIL 2015

(See explanation of column headings at bottom of wages)

OSH (Overtime is required for every hour worked on Sunday and Holidays)

H/W (Health & Welfare Insurance)

Pensn (Pension)

Vac (Vacation)

Trng (Training)

EXPLANATIONS

BOONE COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

COMMUNICATION TECHNICIAN

Installing, manufacturing, assembling and maintaining sound and intercom, protection alarm (security), fire alarm, master antenna television, closed circuit television, low voltage control for computers and/or door monitoring, school communications systems, telephones and servicing of nurse and emergency calls, and the installation and maintenance of transmit and receive antennas, transmitters, receivers, and associated apparatus which operates in conjunction with above systems. All work associated with these system installations will be included EXCEPT the installation of protective metallic conduit in new construction projects (excluding less than ten-foot runs strictly for protection of cable) and 120 volt AC (or higher) power wiring and associated hardware.

MATERIAL TESTER I: Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.

MATERIAL TESTER II: Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.

OPERATING ENGINEERS - BUILDING

Class 1. Asphalt Plant; Asphalt Spreader; Autograde; Backhoes with Caisson Attachment; Batch Plant; Benoto (requires Two Engineers); Boiler and Throttle Valve; Caisson Rigs; Central Redi-Mix Plant; Combination Back Hoe Front End-loader Machine; Compressor and Throttle Valve; Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Paver (over 27E cu. ft.): Concrete Paver (27 cu. ft. and under); Concrete Placer; Concrete Pump (Truck Mounted); Concrete Conveyor (Truck Mounted); Concrete Tower; Cranes, All; GCI and similar types (required two operators only); Cranes, Hammerhead; Creter Crane; Crusher, Stone, etc.; Derricks, All; Derricks, Traveling; Formless Curb and Gutter Machine; Grader, Elevating; Grouting Machines; Highlift Shovels or Front Endloader 2-1/4 yd. and over; Hoists, Elevators, outside type rack and pinion and similar machines; Hoists, one, two and three Drum; Hoists, Two Tugger One Floor; Hydraulic Backhoes; Hydraulic Boom Trucks; Hydro Vac (and similar equipment - excluding hose work and any sewer work); Locomotives, All; Lubrication Technician; Manipulators; Motor Patrol; Pile Drivers and Skid Rig; Post Hole Digger; Pre-Stress Machine; Pump Cretes Dual Ram; Pump Cretes: Squeeze Cretes - Screw Type Pumps, Gypsum Bulker and Pump; Raised and Blind Hole Drill; Rock Drill (self-propelled); Rock Drill - Truck Mounted; Roto Mill Grinder; Scoops - Tractor Drawn; Slipform Paver; Scrapers Prime Movers; Straddle Buggies; Tie Back Machine; Tractor with Boom and Side Boom; Trenching Machines.

Class 2. Bobcat (over 3/4 cu. yd.); Boilers; Brick Forklift; Broom, All Power Propelled; Bulldozers; Concrete Mixer (Two Bag and Over); Conveyor, Portable; Forklift Trucks; Highlift Shovels or Front Endloaders under 2-1/4 yd.; Hoists, Automatic; Hoists, Sewer Dragging Machine; Hoists, Tugger Single Drum; Laser Screed; Rollers, All; Steam Generators; Tractors, All; Tractor Drawn Vibratory Roller; Winch Trucks with "A" Frame.

Class 3. Air Compressor; Asphalt Spreader; Combination - Small Equipment Operator; Generators; Heaters, Mechanical; Hoists, Inside Elevators - (Rheostat Manual Controlled); Hydraulic Power Units (Pile

Driving, Extracting, or Drilling - with a seat); Lowboys; Pumps, Over 3" (1 to 3 not to exceed total of 300 ft.); Pumps, Well Points; Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches; Bobcat (up to and including 3/4 cu. yd.).

Class 4. Elevator push button with automatic doors; Hoists, Inside; Oilers; Brick Forklift.

Class 5. Assistant Craft Foreman

Class 6. Mechanics; Welders.

Class 7. Gradall

OPERATING ENGINEERS - HIGHWAY CONSTRUCTION

Class 1. Asphalt Plant; Asphalt Heater and Planer Combination; Asphalt Heater Scarfire; Asphalt Silo Tender; Asphalt Spreader; Autograder; ABG Paver; Backhoes with Caisson Attachment; Ballast Regulator; Belt Loader; Caisson Rigs; Car Dumper; Central Redi-Mix Plant; Backhoe w/shear attachments; Combination Backhoe Front Endloader Machine, (1 cu. yd. Backhoe Bucket or over or with attachments); Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Paver over 27E cu. ft.; Concrete Placer; Concrete Tube Float; Cranes, all attachments; Cranes, Tower of all types; Creter Crane; Crusher, Stone, etc.; Derricks, All; Derrick Boats; Derricks, Traveling; Directional Boring Machine over 12"; Dredges; Formless Curb and Gutter Machine; Grader, Elevating; Grader, Motor Grader, Motor Patrol, Auto Patrol, Form Grader, Pull Grader, Subgrader; Guard Rail Post Driver Mounted; Hoists, One, Two and Three Drum; Hydraulic Backhoes; Hydro Vac, Self Propelled, Truck Mounted (excluding hose work and any sewer work); Lubrication Technician; Manipulators; Pile Drivers and Skid Rig; Pre-Stress Machine; Pump Cretes Dual Ram; Rock Drill - Crawler or Skid Rig; Rock Drill - Truck Mounted; Rock/Track Tamper; Roto Mill Grinder; Slip-Form Paver; Snow Melters; Soil Test Drill Rig (Truck Mounted); Straddle Buggies; GCI Crane; Hydraulic Telescoping Form (Tunnel); Tie Back Machine; Tractor Drawn Belt Loader; Tractor Drawn Belt Loader with attached pusher; Tractor with Boom; Tractaire with Attachments; Traffic Barrier Conveyor Machine; Raised or Blind Hole Drills; Trenching Machine (over 12"); Truck Mounted Concrete Pump with Boom; Truck Mounted Concrete Conveyor; Work Boat (no license required - 90 h.p. or above); Underground Boring and/or Mining Machines; Wheel Excavator; Widener (APSCO).

Class 2. Batch Plant; Bituminous Mixer; Boiler and Throttle Valve; Bulldozers; Car Loader Trailing Conveyors; Combination Backhoe Front Endloader Machine (less than 1 cu. yd. Backhoe Bucket or over or with attachments); Compressor and Throttle Valve; Compressor, Common Receiver (3); Concrete Breaker or Hydro Hammer; Concrete Grinding Machine; Concrete Mixer or Paver 7S Series to and including 27 cu. ft.; Concrete Spreader; Concrete Curing Machine, Burlap Machine, Belting Machine and Sealing Machine; Concrete Wheel Saw (large self-propelled - excluding walk-behinds and hand-held); Conveyor Muck Cars (Haglund or Similar Type); Drills, all; Finishing Machine - Concrete; Highlift Shovels or Front Endloader; Hoist - Sewer Dragging Machine; Hydraulic Boom Trucks (All Attachments); Hydro Blaster; All Locomotives, Dinky; Off-Road Hauling Units; Non-Self Loading Dump; Ejection Dump; Pump Cretes: Squeeze Cretes - Screw Type Pumps, Gypsum Bulker and Pump; Roller, Asphalt; Rotary Snow Plows; Rototiller, Seaman, etc., self-propelled; Scoops - Tractor Drawn; Self-Propelled

Compactor; Spreader - Chip - Stone, etc.; Scraper; Scraper - Prime Mover in Tandem (Regardless of Size); Tank Car Heater; Tractors, Push, Pulling Sheeps Foot, Disc, Compactor, etc.; Tug Boats.

Class 3. Boilers; Brooms, All Power Propelled; Cement Supply Tender; Compressor, Common Receiver (2); Concrete Mixer (Two Bag and Over); Conveyor, Portable; Farm-Type Tractors Used for Mowing, Seeding, etc.; Fireman on Boilers; Forklift Trucks; Grouting Machine; Hoists, Automatic; Hoists, All Elevators; Hoists, Tugger Single Drum; Jeep Diggers; Low Boys; Pipe Jacking Machines; Post-Hole Digger; Power Saw, Concrete Power Driven; Pug Mills; Rollers, other than asphalt; Seed and Straw Blower; Steam Generators; Stump Machine; Winch Trucks with "A" Frame; Work Boats; Tamper - Form - Motor Driven.

Class 4. Air Compressor - Small and Large; Asphalt Spreader, Backend Man; Bobcat (Skid Steer) all; Brick Forklift; Combination - Small Equipment Operator; Directional Boring Machine up to 12"; Generators; Heaters, Mechanical; Hydraulic Power Unit (Pile Driving, Extracting, or Drilling); Hydro-Blaster; Light Plants, All (1 through 5); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Pumps, Well Points; Tractaire; Trencher 12" and under; Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 5. Oilers and Directional Boring Machine Locator.

Class 6. Field Mechanics and Field Welders

Class 7. Gradall and machines of like nature.

SURVEY WORKER - Operated survey equipment including data collectors, G.P.S. and robotic instruments, as well as conventional levels and transits.

TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION

Class 1. Two or three Axle Trucks. A-frame Truck when used for transportation purposes; Air Compressors and Welding Machines, including those pulled by cars, pick-up trucks and tractors; Ambulances; Batch Gate Lockers; Batch Hopperman; Car and Truck Washers; Carry-alls; Fork Lifts and Hoisters; Helpers; Mechanics Helpers and Greasers; Oil Distributors 2-man operation; Pavement Breakers; Pole Trailer, up to 40 feet; Power Mower Tractors; Self-propelled Chip Spreader; Skipman; Slurry Trucks, 2-man operation; Slurry Truck Conveyor Operation, 2 or 3 man; Teamters; Unskilled dumpman; and Truck Drivers hauling warning lights, barricades, and portable toilets on the job site.

Class 2. Four axle trucks; Dump Crets and Adgetors under 7 yards; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turnapulls or Turnatrailers when pulling other than self-loading equipment or similar equipment under 16 cubic yards; Mixer Trucks under 7 yards; Ready-mix Plant Hopper Operator, and Winch Trucks, 2 Axles.

Class 3. Five axle trucks; Dump Crets and Adgetors 7 yards and over; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turnatrailers or turnapulls when pulling other than self-loading equipment or similar equipment over 16 cubic yards; Explosives and/or Fission Material Trucks; Mixer Trucks 7 yards or over; Mobile Cranes while in transit; Oil Distributors, 1-man operation; Pole Trailer, over 40 feet; Pole and Expandable Trailers hauling material over 50 feet long; Slurry trucks, 1-man operation; Winch trucks, 3 axles or more;

Mechanic--Truck Welder and Truck Painter.

Class 4. Six axle trucks; Dual-purpose vehicles, such as mounted crane trucks with hoist and accessories; Foreman; Master Mechanic; Self-loading equipment like P.B. and trucks with scoops on the front.

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

MATERIAL TESTER & MATERIAL TESTER/INSPECTOR I AND II

Notwithstanding the difference in the classification title, the classification entitled "Material Tester I" involves the same job duties as the classification entitled "Material Tester/Inspector I". Likewise, the classification entitled "Material Tester II" involves the same job duties as the classification entitled "Material Tester/Inspector II".

PROPOSAL FORM

PROJECT IDENTIFICATION:

Boone County PSB Parking Lots

THIS BID IS SUBMITTED & DELIVERED TO: Boone County Clerk's office at 1212 Logan Ave., Belvidere, IL, 61008

Boone County Clerk's Office

1212 Logan Ave.
Belvidere, IL 61008

(Hereinafter called OWNER).

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER in the form included in the Contract Documents to perform and furnish all Work as specified or indicated in the Contract Documents for the Bid Price and within the Bid Times indicated in this Bid and in accordance with the other terms and conditions of the Contract Documents.
2. Bidder accepts all of the terms and conditions of the Notice to Bidders and Instructions to Bidders, including without limitation those dealing with the disposition of Bid Security. This Bid will remain open for 60 days after the day of Bid opening. Bidder will sign and deliver the required number of counterparts of the Agreement with the Bonds, evidence of insurance coverage per Boone County Minimum Insurance Coverage (see appendix 3). And other documents required by the Bidding Requirements within 15 days after the date of OWNER'S Notice of Award.
3. In Submitting this Bid, Bidder represents, as more fully set forth in the Agreement, that:

- a. Bidder has examined and carefully studied all the Bidding Documents and the following Addenda receipt of all which is hereby acknowledged:

<u>Addendum Date</u>	<u>Addendum Number</u>

- b. Bidder has visited the site and become familiar with and satisfied itself as to the general, local, and site conditions that may affect cost, progress, performance and furnishing of the Work.

- c. Bidder is familiar with and has satisfied itself as to all federal, state, and local laws and regulations that may affect cost, progress, performance, and furnishing of the Work, including State of Illinois rules and regulations relating to contracts involving public funds and the construction of public works shall apply to this project.
- d. Bidder acknowledges that OWNER and ENGINEER do not assume responsibility for the accuracy or completeness of information and data shown or indicated in the Bidding Documents with respect to Underground Facilities at or contiguous to the site. Bidder has obtained and carefully studied (or assumes responsibility for having done so) all such examinations, investigations, explorations, tests, studies, and data concerning conditions (surface, subsurface, and Underground Facilities) at or contiguous to the site or otherwise which may affect cost, progress, performance, or furnishing of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder and safety precautions and programs incident thereto. Bidder does not consider that any additional examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance and furnishing of the Work in accordance with the time, price, and other items and conditions of the Contract Documents.
- e. Bidder is aware of the general nature of Work to be performed by OWNER and others at the site that relates to Work for which this Bid is submitted as indicated by the Contract Documents.
- f. Bidder has correlated the information known to Bidder from information and observation obtained from visits to the site, reports, and drawings identified in the Contract Documents and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.
- g. Bidder has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that bidder has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to Bidder, and the Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the Work for which the Bid is submitted.
- h. This Bid is genuine and not made in the interest or on behalf of any undisclosed person, firm, or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization, or corporation; Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; Bidder has not solicited or induced any person, firm, or corporation, to refrain from bidding; and Bidder has not sought collusion to obtain for itself any advantage over any other Bidder or over OWNER.

I. Bidder certifies that Bidder is not barred from bidding on this contract as a result of a conviction for the violation of any State laws prohibiting bid-rigging or bid-rotating, including from being awarded a contract with a unit of State or Local government as a result of a violation of Section 33E-3 or 33E-4 of the Criminal Code of 1961.

4. Bidder will complete the Work in accordance with the Contract Documents for the following prices:

5. Bidder agrees that work will begin as set forth in the Notice to Proceed and that all work shall be complete and ready for final payment in accordance with the General Conditions within 60 calendar days of the Notice to Proceed. Bidder accepts the General Requirements as to liquidated damages in the event of failure to complete the Work within the times specified in the Agreement.

6. The following documents are attached to and made a condition of this Bid:

- a. Required Bid Security in the form of (please specify Certified Check or Bid Bond) _____ in the amount of ten percent (10%) of Bid Amount.
- b. Evidence of the bidder's registration with the Secretary of State's office to do business in the State of Illinois.
- c. Bidders "Certificate of Eligibility" per IB-1, paragraph 2.1 for this contract
- d. Bidder's Current Affidavit of Availability

7. Communications concerning this Bid shall be addressed to the Bidder as indicated below:

Name: _____

Address: _____

City, State: _____

Telephone Number: _____

8. The terms used in this Bid which are defined in the General Requirements of the IDOT Specifications included as part of the Contract Documents have the meanings assigned to them in the General Requirements and terms defined in the Instructions to Bidders are used with the same meaning in this Bid.

9. I hereby certify that as Bidder I/We have examined and carefully prepared this Bid from the bidding Documents.

AGREEMENT

THIS AGREEMENT is dated as of the ____ day of _____ in the year 2015 by and between

_Boone County_____ (hereinafter called OWNER) and
_____ (hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants set forth, agree as follows:

ARTICLE 1 – WORK

- 1.1. CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents.
- 1.2. The Project, for which the Work under the Contract Documents may be the whole or only a part of is: **Boone County PSB Parking Lots**

ARTICLE 2 – ENGINEER

- 2.1 The Project has been designed by C.E.S. Inc., who is hereinafter called ENGINEER and who is to act as OWNER'S representative.

ARTICLE 3 – CONTRACT TIMES

- 3.1 The Work shall be substantially completed and ready for final payment in accordance with Article 105.13 and 109.08 of the Standard Specifications in the time stated in the Bid Form.
- 3.2. Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence in this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in Paragraph 3.1 above, plus any extension thereof allowed. They also recognize the delays, expenses and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay Owner in accordance with Standard Specifications Article 108.09, plus additional engineering costs for each day that expires after the time specified for Final Completion until the Work is complete and ready for final payment.
- 3.3 Permitting CONTRACTOR or Surety to continue and finish the Work or any part of the Work after the times specified for completion, or after the date to which the

times for completion may have been extended, shall in no way operate as a waiver on the part of OWNER of its rights under the Contract.

ARTICLE 4 – CONTRACT PRICE

- 4.1 OWNER shall pay CONTRACTOR for the completion of the WORK in accordance with the Contract Documents in current funds as shown in the Unit Price Schedule as completed in the Bid Form.

ARTICLE 5 – PAYMENT PROCEDURES

- 5.1 CONTRACTOR shall submit applications for Payment in accordance with Article 109.07(b) of the Standard Specifications.
- 5.2 PROGRESS PAYMENTS: OWNER will make monthly progress payments on account of the Contract Price on the basis of CONTRACTOR's Application for Payment as recommended by ENGINEER each month during construction as provided below. All progress payments will be on the basis of the progress of the Work measured by the number of units completed.
 - 5.2.1 RETAINAGE: After each Application for Payment has been found acceptable by OWNER, OWNER will pay 90% of the estimated value less any previous payments to the CONTRACTOR.
- 5.3 FINAL PAYMENT: Upon final completion and acceptance of the Work in accordance with Article 109.08 of the Standard Specifications, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER.

ARTICLE 6 – CONTRACTOR'S REPRESENTATIONS

- 6.1 In order to induce OWNER to enter into this agreement, CONTRACTOR makes the following representations:
 - 6.1.1 CONTRACTOR has examined and carefully studied the Contract Documents, including the Addenda, and the other related data identified in the Bidding Documents.
 - 6.1.2 CONTRACTOR has visited the site and become familiar with and is satisfied as to the general, local, and site conditions that may affect cost, progress, performance, and furnishing of the Work.
- 6.3 CONTRACTOR is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, performance, and furnishing of the Work, including state of Illinois regulations relating to contracts involving public funds and the construction of public works shall apply to this project.

- 6.4 CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that CONTRACTOR has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR, and the Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
- 6.5 CONTRACTOR certifies that CONTRACTOR was not barred from bidding on this contract as a result of a conviction for the violation of State laws (Section 33E-3 or 33E-4 of the Criminal Code) prohibiting bid-rigging or bid-rotating. Also, that no officer or employee has been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, nor has any officer or employee made an admission of guilt of such conduct which is a matter of record.
- 6.6 CONTRACTOR certifies that pursuant to the Illinois Human Rights Act (775ILCS 5/2-105), that it has a written sexual harassment policy that includes at a minimum, the following information: (i) the illegality of sexual harassment; (ii) the definition of sexual harassment under State Law; (iii) a description of sexual harassment utilizing examples; (iv) the CONTRACTOR's internal complaint process including penalties; (v) the legal recourse, investigation and complaint process available through the IL Dept. Of Human Rights and the Human Rights Commission and direction on how to contact both; and (vi) protection against retaliation as provided by Section 6-101 of the Illinois Human Rights Act. A copy of the policy shall be provided upon request.
- 6.7 CONTRACTOR certifies that it will abide by the "Public Works Preference Act," (30 ILCS 570/1 et seq.), which stipulates that whenever there is a period of excessive unemployment on Illinois, the CONTRACTOR shall employ only Illinois laborers unless otherwise exempted as so stated in the Act.

ARTICLE 7 – CONTRACT DOCUMENT

The Contract Documents which comprise the entire Agreement between OWNER and CONTRACTOR concerning the Work consist of the following, which all are incorporated herein by reference:

- 7.1 This Agreement.
- 7.2 Notice to Bidders
- 7.3 Instructions to Bidders
- 7.4 Wage Rate Requirements
- 7.5 Performance, Payment, and other Bonds.
- 7.6 Notice to Proceed, not attached hereto.

- 7.7 Standard Specifications for Road and Bridge Construction, and Errata, including General Requirements.
- 7.8 Supplementary Specifications and General and Special Provisions.
- 7.9 Drawings.
- 7.10 Addenda.
- 7.11 Unit Price Schedule as completed in CONTRACTOR'S Bid.
- 7.12 Appendix Forms and Drawings.

ARTICLE 8 – MISCELLANEOUS

- 8.1 Terms used in this Agreement which are defined in Article 1 of the General Conditions will have the meanings indicated in the General Conditions.
- 8.2 No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another part hereto without written consent of the party sought to be bound; and specifically but without limitations, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.
- 8.3 OWNER and CONTRACTOR each binds itself, its partners, successors, assigns and legal representatives to the other part hereto, its partners, successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.
- 8.4 During the performance of this Contract, CONTRACTOR and / or vendor agrees that it will not discriminate against any employee or application for employment because of race, color, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

IN WITNESS WHEREOF, OWNER and CONTRACTOR have signed this Agreement.

This Agreement will be effective on _____, 2015,

which is the effective date of Agreement.

Affidavit of Availability For the Letting of _____

Instructions: Complete this form by either typing or using black ink. "Authorization to Bid" will not be issued unless both sides of this form are completed in detail. Use additional forms as needed to list all work.

Part I. Work Under Contract

List below all work you have under contract as either a prime contractor or a subcontractor. It is required to include all pending low bids not yet awarded or rejected. In a joint venture, list only that portion of the work which is the responsibility of your company. The uncompleted dollar value is to be based upon the most recent engineer's or owners estimate, and must include work subcontracted to others. If no work is contracted, show NONE.

ORDINANCE NO. 14-29

WHEREAS, the State of Illinois had enacted "An Act regulating wages of laborers, mechanics, and other workers employed in any public works by the State, county, city or any public body or any political subdivision or by any one under contract for public works", approved June 26, 1941, codified as amended, 820 ILCS 130/1 et seq. (1993), formerly Ill. Rev. Stat., Ch. 48, par. 39s-1 et seq. and

WHEREAS, the aforesaid Act requires that the Boone County Government of the County of Boone investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics and other workers in the locality of Boone County employed in performing construction of public works, for said Boone County Government.

NOW THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF THE BOONE COUNTY GOVERNMENT:

SECTION 1: To the extent and as required by "An Act regulating wages of laborers, mechanics and other workers employed in any public works by State, county, city or any public body or any political subdivision or by any one under contract for public works", approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics and other workers engaged in construction of public works coming under the jurisdiction of the Boone County Government is hereby ascertained to be the same as the prevailing rate of wages for construction work in Boone County area as determined by the Department of Labor of the State of Illinois as of June of the current year, a copy of that determination being attached hereto and incorporated herein by reference. As required by said Act, any and all revisions of the prevailing rate of wages by the Department of Labor of the State of Illinois shall supersede the Department's June determination and apply to any and all public works construction undertaken by the Boone County Government. The definition of any terms appearing in this Ordinance which are also used in aforesaid Act shall be the same as in said Act.

SECTION 2: Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of the Boone County Government to the extent required by the aforesaid Act.

SECTION 3: The Boone County Clerk shall publicly post or keep available for inspection by any interested party in the main office of the Boone County Government this determination or any revisions of such prevailing rate of wage. A copy of this determination or of the current revised determination of prevailing rate of wages then in effect shall be attached to all contract specifications.

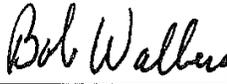

SECTION 4: The Boone County Clerk shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

SECTION 5: The Boone County Clerk shall promptly file a certified copy of this Ordinance with the Department of Labor of the State of Illinois.

SECTION 6: The Boone County Clerk shall cause to be published in a newspaper of general circulation within the area a copy of this Ordinance, and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

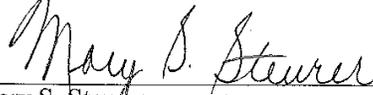

PASSED, APPROVED, AND ADOPTED by the County Board of Boone County, State of Illinois,

this 18th, day of June, 2014.
